Noni

SKIN-BRIGHTENING SERUM

The TeMana Noni Brightening Serum contains one of the world's most effective skin conditioning agent: Tahitian Noni seed extract. Different from seed oil, noni seed extract is water-soluble and is prized for its moisturizing and anti-inflammatory properties, providing illumination and radiance to the skin. The TeMana Noni Skin-brightening Serum also contains noni leaf juice, noni fruit juice, noni seed oil, and arbutin, all of which aid to the brightening and smoothing of the skin. With daily use, you can expect to see a brighter and more youthful glow.

- Contains the highest concentrate of noni seed extract, which helps brighten and clear the skin.
- Moistens the skin while providing a firm finish.
- Contains arbutin, an ingredient known for its skin-brightening properties.
- Features noni seed extract—an exclusive TeMana Noni ingredient
- Promotes a radiant, illuminating, youthful appearance.

HOW THE PRODUCT FITS INTO THE TEMANA NONI REGIMEN:

This TeMana Noni Skin-brightening Serum is best used after thoroughly cleansed skin to help activate the powerful moisturizing and brightening properties. Use after the Toner, but before the Moisturizer.

TEMANA NONI REGIMEN:

STEP ONE: Massage the cleanser on the face for 1 minute, then rinse and dry

STEP TWO: Apply a light layer of the toner with a cotton ball all over the face

STEP THREE: Use 2 pumps of the serum and apply all over the face

STEP FOUR: Apply the moisturizer generously on the face and neck
