tahiti

Mana is a Tahitian word that means power, beauty and strength. Mana is a gift from heaven, and Tahitian tradition holds that mana has been infused into certain specific treasures found within the earth. These treasures, when discovered, have the potential to bless all of humankind with their exquisite benefits.

Morinda's TeMana brand is built on that tradition. Each TeMana beauty product is carefully crafted around one of earth's most unique and beautiful treasures: Noni, Cornelian cherry, olive, cranberry and blueberry. Each treasure has exquisite benefits that will nourish, beautify and protect.

The Gift of Noni

Noni is truly one of earth's most sublime treasures. Prized by Polynesians for thousands of years, noni has a rich tradition of blessing its consumers with both health and beauty.

Noni trees cover the islands of French Polynesia—from the Marquesas Islands in the north, to the Society Islands in the south. Noni flourishes here because of the rich volcanic soil, the clean air, the warm rain, and a terrain that has largely been unspoiled and untouched by man. These pristine conditions create the perfect environment for strong noni trees that produce beautiful fruit, bursting with nutrients.

Each element of noni—fruit, seed and leaf—has specific and unique skincare properties. When used topically, noni conditions, beautifies and cleanses the skin and face in a way no other ingredient can. Additionally, noni has the ability to brighten, or enhance, the skin's natural beauty.

TeMana Noni is the world's premier noni-based beauty and skincare line. Come and see what one of earth's most treasured gifts can do for your skin.

Step One:
SKIN-BRIGHTENING
CLEANSER

The TeMana Noni Skin-brightening Cleanser contains a beautiful blend of noni seed extract, noni leaf juice, and noni fruit juice, all which help to purify the skin of dirt and oil, while moisturizing and evening dark spots on the skin. It features a subtle rose herbal fragrance to leave your skin feeling pampered and fresh. Expect softer, smoother, brighter skin with daily use.

Step Two:
SKIN-BRIGHTENING
TONER

The TeMana Noni Skin-brightening Toner contains all of the finest elements of the noni fruit: noni seed extract, noni seed oil, noni leaf juice, and noni fruit juice. These ingredients simultaneously help remove excess dirt and oil, improve elasticity, and drastically reduce the appearance of fine lines, scarring, and dark spots. With regular, daily use, you can expect to see a brighter, smoother complexion.

Step Three:
SKIN-BRIGHTENING
SERUM

The TeMana Noni Skin-brightening Serum is the signature product in the TeMana Noni line. It is rich in noni seed extract, which is prized for its deep moisturizing properties, as well as its ability to reduce puffiness. The Serum also contains noni leaf juice, noni fruit juice, noni seed oil, and arbutin, all which aid to the brightening and smoothing of the skin. With daily use, you can expect to see a radiant, more youthful glow.

Step Four:
SKIN-BRIGHTENING
MOISTURIZER

The TeMana Noni Skin-brightening Moisturizer is a luxurious, weightless soothing agent rich with noni seed extract, noni leaf juice, noni seed oil, noni fruit juice, and arbutin. This subtle, sweet-smelling moisturizer will eliminate dryness, increase brightness and luminosity, and provide a healthy glow to the skin.

THE ELEMENTS *of Noni*

NONI FRUIT: Noni fruit juice has many different conditioning, moisturizing, and anti-aging compounds that work in harmony with all skin types. Fruit juice is also an effective cleanser, and it helps even skin tones.

NONI SEED EXTRACT: The noni seed extract is an excellent anti-aging ingredient. It reduces the appearance of age spots, and helps prevent formation of new ones. It also greatly improves skin's elasticity.

NONI LEAF: The noni leaf helps calm skin flare-ups and puffiness, and promotes good circulation to the skin. Additionally, noni leaf helps improve the skin's natural ability to reduce the signs of aging, including fine lines and age spots

NONI SEED OIL: The noni seed oil is a deep moisturizer with astonishing transdermal properties. It conditions the skin, removes puffiness and penetrates the thick layers of the skin to help paired ingredients absorb more fully.

For best results, use each part of the TeMana Noni Skin-brightening System daily.

Step One: Cleanse your face with the TeMana Noni Skin-brightening cleanser.

Step Two: Apply TeMana Noni Skin-brightening toner for an even deeper clean.

Step Three: Use the TeMana Noni Skin-brightening serum to even out lines and age spots.

Step Four: Massage the TeMana Noni Skin-brightening Moisturizer into your face for a deep, healthy moisturizing sensation.
